

Saher khurshid

Software Engineer

Gmail:khansaher202@gmail.com

Contact no:03446804282

Address:Rawalpindi Pakistan

OBJECTIVE

I am a web developer with a solid understanding of HTML,CSS and Javascript. I enjoy building simple,clean and user-friendly websites. I have worked on both front-end and back-end tasks during my projects and I like solving problems step by step. I am seeking an opportunity to contribute my skills, collaborate with experienced professionals, and grow as a Software Engineer while developing innovative and impactful applications.

EXPERIENCE

Software technology park Rawalakot
web developer

(1 january to 30 february 2025)

Developed and maintained an e-commerce website using WordPress and WooCommerce. Customized themes, managed products, and improved website functionality while ensuring a responsive and user-friendly shopping experience. Assisted in updating product listings, categories, and website content to keep the online store organized and up to date. Collaborated with the development team to troubleshoot technical issues, optimize website performance, and enhance the overall user experience.
